I've been with EF Qingdao since September 2014. The school is a great place to work and both the local and international staff are really warm and friendly. They do their best to make you feel at home right away. The city itself has a very Westernized feel and is easy to live in.

I worked for EF Qingdao for over a year. I had a lot of fun there. Firstly Qingdao is a beautiful city to live in. The school is full of lovely kids and teachers, the work environment is joyful. We also had some fun times together during weekends, sharing movies and playing game together, which is a good memory for me.
