

# Arbor Valley Academy

an American High School

## Why AVA?

With AVA, earning your high school diploma through our high school prepares you for the following:

- English Language:** AVA's English Language program is accredited by the American Language Institute. Our courses prepare students by immersing them in the English language. Our experienced and certified staff will work closely so that students have the opportunity to learn at the comfort of their own homes and also work one on one with AVA staff. This prepares students for an international education in the United States and elsewhere.
- College Navigation:** AVA staff are trained to support our international students in navigating the process to enroll in colleges in the United States and elsewhere. They will closely work with our students to explore options and consider universities that have exclusive guaranteed enrollment agreements with AVA.
- College & Career Readiness:** AVA prepares students to graduate from high school successfully and take on their next exciting challenge, college! Our curriculum is designed to equip students with the necessary knowledge and skills for a successful US college education and career. Our students benefit from the opportunities they have to enroll in college level AP and English language courses. The English language courses may allow for students to waive their TOEFL exam because of their ALI certification. AP Course are AdvancEd certified and credits are transferable to US colleges.
