ABOUT TAALEEM

Dubai Schools are part of the Taaleem family of schools, located across the United Arab Emirates. Taaleem, formerly known as Beacon Education, is a school management company set up in 2003 to develop and run high-quality education projects.

The founding partners identified two distinct gaps in the market: the need for more top-quality schools to cater for the growing population and the desire of the many investors to plough their funds into ventures that will help to secure the long-term success of the region. Taaleem was founded to fill these gaps.

Our Focus is first and foremost on education and students. The comprehensive and holistic approach we employ means that we place as much

emphasis on the emotional, social, moral and physical development of our students as on the academic.

Our Purpose is to inspire young minds and help our students to identify and develop their passions and talents. To achieve this, Taaleem will provide children with the skills and knowledge to compete on a level playing field with students from the world's top schools.

Our Vision is to be the most respected provider of early childhood, primary and secondary education in the Gulf.

Our Mission is to inspire our students and staff to explore, identify and develop their passions and talents.

ABOUT DUBAI SCHOOLS

The Dubai Schools Mission is to be a Beacon of Academic Excellence. Combining an inquisitive teaching approach and future-focused skillset delivery, we work hand-in-hand with the community to nurture students to become independent and empathetic learners. We offer an American education that will be guided by Arabic principles and Islamic values which will foster future-ready graduates, driven by pride and tolerance.

The main objective of the Dubai Schools Al Barsha, Mirdif & Nad Al Sheba Projects is to create a mutually beneficial partnership between the government and the private sector that ensures Dubai's aspiration to have 100% of Emirati Students enrolled in 'Good+' rated schools by 2026.

At present, we are KG1-Grade 5 schools with the planned addition of a grade level each year as we grow into a large K-12 campus. By starting in these foundation years, we are providing our students the opportunity to grow with us and under our care, so they reflect the values that drive our school's philosophy

His Highness Sheikh Hamdan bin Mohammed bin Rashid Al Maktoum, Crown Prince of Dubai and Chairman of the Executive Council has launched "Dubai Schools" to support the education system in Dubai, through introducing a new model of schools with international education standards, focused on Arabic literacy, science and technology, UAE culture and Islamic studies.

ABOUT DUBAI SCHOOLS

Dubai Schools aim to provide high-quality accessible education for students in Dubai. We do this by adopting principles of excellence in education through internationally recognized curricula delivered by reputable private sector operators. This unique partnership between the government and private sector is represented by Taaleem during the first phase. It optimizes the exchange of knowledge, expertise, and goals to achieve the Dubai Government agenda which aims at ensuring that every student has access to high-quality education and, therefore, becomes a fulfilled and supported individual equipped with the right skills for the knowledge-based and competitive economy of the future.
